

Benedicta “Bennie” Mahlangu

Chemical Engineer . 2002-04 studies & internship of Chemical Engineering / Chemie-Ingenieurwesen & Verfahrenstechnik in Duisburg & Aachen . 2004-05 working as an IT Support Analyst . 2005-09 working as an Acquisition Specialist in the oil- & gas-exploration on a seismic vessel, 3,5 years off-shore . “The partnership is an eye-opener: I learned to be organized, punctual and structural; I got knowledge and skills for my career. Because I travelled for a long time I have a global way of thinking. I want to bring the warm South African spirit of Ubuntu to my friends abroad. – My life is a journey; there are patterns; things in the past feed into future.”
